HON. MOHABIR ANIL NANDLALL

Mr. Glen Hanoman
Attorney-at-Law
215 King Street
Lacytown, Georgetown

25th August 2020

Dear Mr. Hanoman,

RE: ACCELERATED CAPITAL FIRM INC.

As a result of multiple complaints received and reports to the Guyana Police Force (GPF), a team of State Agencies has been assembled to inquire into the operations of your client.

A lot of information has already been made public by the relevant State Agencies.

I am informed by the Guyana Police Force (GPF) that the investigations have, thus far, revealed that your client has received over twenty million United States dollars (\$20M USD) in alleged "deposits" or "investments"; and that your client and its principals, comparatively, have little or no assets in the jurisdiction; in consequence thereof, they both remain grave flight risks.

I have publicly committed that the State is prepared to do everything that is lawfully possible to facilitate the return to Guyana of the funds, which your client claims are in disparate foreign jurisdictions. Unfortunately, all efforts, thus far, to locate those funds in those jurisdictions have been futile. I have already indicated to you that a reopening of one of your client's closed bank

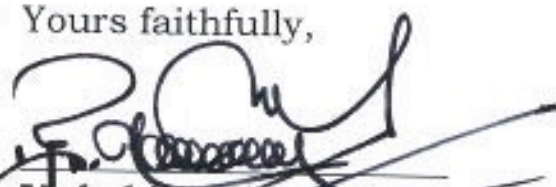

" wherever law ends, tyranny begins..."

accounts at any of the commercial bank of his choice can be facilitated.

You are free to inform me of any other measures, excepting, the release of your client from Police custody during the investigations, which may assist in the return of the funds to this jurisdiction.

The issue of bail and matters relating thereto remain in the exclusive remit of agencies of the State, over which I exercise no influence, whatsoever.

Yours faithfully,

Mohabir Anil Nandlall
Attorney General &
Minister of Legal Affairs
